Colors in Spool Silk — Made in size A only.

Colors in Buttonhole Twist — Made in size D only.

Important to Users of Spool Silk!

Every woman who uses silk will admit that the color number on the end of each spool of Corticelli Silk and Twist saves time formerly spent in matching, and prevents mistakes. You will receive the full benefit of this improvement, as well as get better and stronger silk, and also *more* silk for your money, if hereafter you will always ask for "Corticelli" — the Dressmakers' Favorite Spool Silk.

See the
Color
Number!

Advantages of This Improvement:

- 1st. The color number on the spool facilitates ordering. With the color card you can order by color number from your storekeeper whatever Corticelli Silk you need.
- 2d. The color number on the spool will save you time in matching shades. You will be sure of getting just the shade desired.
- 3d. Many colors change under artificial light; hereafter simply refer to the color number on the spool and you can make no mistake in matching.
- 4th. You can order silk by telephone. This saves you the expense of sending a messenger or of going yourself. No lost samples.

For Machine Stitching. — For the rows of plain or ornamental stitching on skirts, jackets and tailor made gowns you should use Corticelli Stitching Silk. This is a strong, firmly twisted silk, size D, made especially for this work, and is guaranteed to give the correct effect, the same as secured by the most exclusive ladies' tailors.

Corticelli Silk Mills, Florence, Mass.

Corticelli Machine Twist

Dressmakers requiring a large amount of black silk for hand or machine sewing will find it economy to buy these large spools of Corticelli Silk. If your dealer does not already keep them, ask him to order some especially for you. If he declines, then write to us.
